M. Markson was yesterday arrested on the charge of stealing a wagonload of boards from the Chicago & Northwestern near Crescent. There was quite a large attendance at

the funeral of Herman Zopf yesterday afternoon. The Odd Fellows attended in a body, he having been a member of that organization.

A goodly number of those who participated in the "deestrict school" yesterday grouped themselves as gracefully as possible and were photographed in costume at Gorham's gallery. There will probably be a great rush for these pictures. Mrs. Joe Boulden died at her residence

in Hazel Dell township Friday. The funeral will be held in the church in that township to-day, the services to be conducted by Rev. Henry De Long. Mrs. Boulden has been a resident of this county since 1853. county since 1853.

A large black dog on Main street has been amusing himself by snapping pieces out of the pantaloons of passers by. Among the victims reported are E. W. Davenport and M. Schickentanz. Some think the dog is mad, but it does not seem reasonable, as the dog ought not to get mad so long as he seems to have his own

Next Tuesday evening in Beno's hall Rev. Mr. Mackey will deliver a lecture on "Leadville." Any address by the gifted rector of St. Paul's church is a treat, but this will doubtless be a special He labored successfully in Leadville at a period when that place was peculiarly full of interest, and being a close student of human nature his observa-tions and experiences will without doubt

prove the basis of an interesting lecture. The meetings of the Salvation Army present many queer sayings and actions to excite mirth on the part of those who are eager for a chance to laugh, and who have little other interest in the meetings. There are few, however, even of those who attend out of mere curiosity or to be entertained, who have so little self respect as to cause any disturbance. The meetings for the most part are quite orderly. Occasionally some smart youth tries to display his smartness, but these bubblings over of verdant vanity are speedily suppressed.

Yesterday morning Charlie Liebold was coming out of the Savings bank with a handful of money, when he noticed Mrs. Eiseman's horse had slipped and fallen. He rushed to the rescue, caught the horse by the head, and was trying to decide whether to let go of the horse the money, when a gust of wind decided the matter for him. The bills were quickly scattered in all directions, and there was a rush of bystanders to help gather them up. Charlie hung to the horse until other help came, and horse and money were soon all right again.

A case of destitution was yesterday reported as existing near the corner of Nineteenth street and Fourth avenue. The husband is out of work, and the wife is very ill, while added to the other burdens has come a little one. In the poverty stricken home there was not a bit of thing for the new comer, and in other details the house was desolate indeed. The case was referred to in the meeting of the stockholders of the American Dis-trict telegraph company yesterday, and a purse at once raised Some clothing has also been taken down to the family, but their needs are only temporarily sup-plied. They have been seeking no charity and the help came to them as a

The Des Moines Register continues to publish imaginary interviews to the ef-fect that the Council Bluffs boom will not feet that the Council Bluffs boom will not keep up. In other columns of that paper appear long appeals for the Des Moines people to "prepare for a boom." While Des Moines is getting prepared, Council Bluffs is going right along with its boom. When the Register gets over its jealousy, its narrow two-for-a-penny policy, it will rejoice in the boom of any lowa city. The Council Bluffs boom is not going to prevent Des Moines having a boom too. Won't some one send the Register a map, so that it may see that there are other places in the world besides Des Moines, and other parts of Des Moines than the particular corner on which the than the particular corner on which the Register building stands. The Clarksons seem way behind in geography.

### THE SUNDAY BEE. REALIZING ON REAL ESTATE

Some Big Deeds Go on Record and Activity Keeps Up.

STILL TRYING THE FIRE ALARM. New Organizations For Pleasure and

Profit-Annual Meeting of the American District Telegraph Co.-The Sunday Services.

Realizing on Realty. Yesterday was a lively one so far as the actual transfers of real estate are concerned. The deeds recorded yesterday show a changing of owners of nearly \$100,000 of real estate in this city.

Telephone No. 232 has been put into the residence of C. H. Judson. The total transfers recorded for the week amount to between \$300,000 and \$400,000. This is half as much as the transfers in Minneapolis. It may be that Council Bluffs is not having much of a boom, but the facts and figures as shown from the records are such as cause the groaners and grunters to harry into back seats. This activity so long in advance of the favorable weather for building indicates that when the building boom opens there will be a still greater excitement. Prices are stiffening daily, but much better chances are now presented for buyers than there will be a month hence. The wise ones are quietly taking up such chances as present themselves: confident that there will be a great and sudden rise in prices ere another moon. ### Major Anderson's Day.

Major A. R. Anderson was in Chicago the other day and there submitted to the pumping process of a Mail reporter with

the following result:
"Will you enter either party caucus?"
"I have learned that it is the easiest thing in the world to get into a party, 'said Major Anderson. "I don't think I will worry myself on that score."

"Does the opposition to Senator Wil-son's re-election amount to anything?" "I think it does. He has been deviating and disappointing to uor anti-mo "Will the republicans elect the next leg-islature in Ioway"

'I think they will."

"Who will Iowa republicans support for president?"
"If the Blaine element would honestly support Allison he could get the delega-tion, but no sooner had Allison com-menced to show some strength than did the Blaine organs commence an effort to create division by bringing out Justice Miller. There never was so much opposition to Blaine in the state as there is now, and if well organized in a square tight Blaine could not carry all the districts." "Are you not rather ashamed of the democratic company you find yourself

"I am not."

"Why not?"
"Because I intend to select them my elf. There is no live issue to-day ad ocated by either of the old parties that

they dare go to the country on."
"Will you and your supporters be able
to hold the district in the next congres-"W-e-l-i, I don't know. I think so."

The Fire System.

There seems to be some doubts as to whether the Richmond fire and police alarm system is in working order yet. No official seems yet ready to openly avow that it is all right, but none seem to be ready to say that it is wrong. The BEE man does not claim to be an electricianist, like Whittlesey, and has therefore to depend largely on the testimony of those who are trying the apparatus. It seems that the city will not accept the system until satisfied that it is fully up to the guarantee, and hence there seems no danger of the city being a loser in any event. The BEE has no pets in this mat-It is not fighting the Richmond the sake of gaining a victory for the Gamewell, as some of the papers seem in-clined. Nor does it have any occasion to praise the Richmond until those having the matter in hand stake their official reputation that the system is what Council Bluffs wants. There has been so much ill feeling shown by the friends of the Gamewell system that it is difficult to determine how much justice or truth there is to any charges made against the Richmond. The prejudice shown and the determination not to be pleased with anything but the Gamewell has weakened the force of criticisms made.

The District Telegraph. The annual meeting of the stockholders of the American District Telegraph company was held yesterday afternoon in the parlors of the Pacific house, The showing of the company's business for the past year was very satisfactory, it being the first year of its history in Council Bluffs. Despite the drawbacks attending the starting up of any such business the year has proved profitable, and there is a surplus in the treasury for the extension of lines this spring. The service has been greatly increased, and every detail of the business seems to be prosperous and promising. The follow-ing were elected directors: George Met-calf, S. H. Foster, M. B. Brown, F. J. Day, L. M. Rheem, J. F. Kimball, C. H. Judson.

The directors then met and elected the following efficers: George Metcalf, president; S. H. Foster, vice president; M. B. Brown, secretary; J. F. Kimball, treasurer; C. H. Judson, general man-

Fall In.

Another attempt is being made to orranize a militia company here. M. H. Byers has the matter in hand, and there is a good outlook for the successful equipment of the organization. Council Bluffs should have an active military company. It would afford much enjoyment and healthy exercise for the young men composing it. It would be a credit to the city, and in case of need a help to the interests of good order. There should be no allowing the move this time to end in

The Rowing Association.
The Council Bluffs Rowing association has been duly formed by the election of the following officers: President, E. E. Hart; vice president, Dr. Seybert; treasorer, G. W. Thompson; secretary, F. E. Stubbs; commodore, E. W. Hart; vice commodore, I. A. Odell; directors, E. E. Hart, Dr. Seybert, G. W. Thompson, F. E. Stubbs, C. R. Hannan, E. H. Merriam, H. Ferris, L. R. Mayne and George

Metcalf. Some boats have already been ordered and more are to follow. It is proposed to have much sport on Lake Manawa this season, regattas, races, etc. The young gentlemen interested in this organization will push it to a success.

A Wonderful Instrument. Chicago Saturday Evening Herald, Feb. 19, 1887: Last Wednesday night, at a private concert, one of our noted local pianists performed upon the most won

cago. It is a new instrument of immense size, built expressly for concert playing, and sent from Baltimore by the celebra-ted firm of William Knabe & Co. Such power of tone, such senerity and brilliancy, such liquid purity and sweet quality have never before been attained in any piano. The instrument is now at Reed's Temple of Music, where it will remain for the present on exhibition.

The above piano was shipped from Chicago last Tuesday, to be used by Miss Robinson at her concert Wednesday evening, which shows how highly Messrs. Knabe & Co. appreciate her musical abil-City Council Meeting. The city council met last evening and

passed the Lake Manawa railway ordi-

nance, but did not let bids for the levee. The temporary bond of D. Maltby was approved. Also those of M. Vincent and J. P. Goulden, in case either should receive the contract for building the levee. The following bids for hauling dirt for the new levee were opened: D. Maltby, 20c per cubic yard, and 13c per yard for each additional hundred feet of travel; M. Vincent, 11c for the entire work, or 25c for that portion which is to be built now; J. P. Goulden, 19c per yard and 2c additional for "overhaul." As additional for "overhaul." As the bids were not in accordance with the specifications they were rejected and ordered advertised. Bids to be opened to morrow night by the council and to state the amount per yard without

any "overhaul" figures.

Petition to open North Second street
was presented and the engineer ordered
to establish grade to Avenue G, as there will be a great many residences built there this year.
